10) In this case, the Kannan District Board has asked for a grant of Rs 4086, being the cost of constructing a masonry upstream abutment to the pier provided by Government for the iron girder bridge across Chittarikkal at 6th mile of Emakulam Mudipuzha Road. on the ground that this is a flood damage work & the District Board has no funds. Contributions by public for such work.

11) The Director Secretary states that the amount sanctioned under Rs. for 1930-33 for flood damage, should be utilised in the localities which have suffered most from floods in 1924 & not in Kannan District, Grant in aid of roads damaged by floods. Whether any grant should be given for this work & how much may be granted is for orders. Statement giving the financial condition of the Kannan District Board for the last 3 years from 22-23 is enclosed.

14) In the budget for 1925-26, there is a sum of Rs 5000 which is meant for grants to Local Boards. If any grant is made from this sum the amount will be available but there may be other claims which have to be met from this sum.

15) If Contribution has already been paid in the same year & if unexpected works damaged by floods in anyone taluk etc, to some extent the estimate

I do not think it has been decided that Govt. should bear the cost of repairing flood damages to Bd. Board Works. I framed the general question in a similar case and do not know how it has been settled. Govt. cannot bear the whole cost of such works. All that is possible, to allow a grant-in-aid of a share of such cost. After a decision has been given in this case is known the question of a grant in each case may be considered. I believe the grant given in the case of Mysore was half the cost.

General and Revenue Secretariat | LB File No. 32 of 192 4.

Serial No

31 In the Case of Mysore District, a sum of Rs 10,500, half the cost of the District Board's damages by flood was given in Govt No. L 3382-6/LB 83-11-4 of 30/11/24. This was increased by a further sum of Rs 645- as the actual outlay was found to amount to Rs 22,440. (vide Govt No. L 8601-3/LB 83-11-20 of 5/6/25

32 In the Kadur District a sum of Rs 15000/- contribution from State funds was sanctioned in Govt. L 5203-6/LB 83-11-8 of 30/6/25

33 A grant had also been sanctioned from State funds for the Shimoga District, but when they asked for a separate grant for the reconstruction of the tunnel at 1/2 of the Shimoga Varasimhanarasipura road at a cost of Rs 1730, they were informed that the funds must be found from District funds by postponing the works if necessary. A third application for grant negatived. The question could be decided after further investigation of the Chief Engineer's Report that damage was partly due to floods.

34 The present Case is a request the Kadur District for repairing the Hadadi bridge across Chitrahalla at 9 of Anchahal Mudigere road" on the ground that this is a flood damage work

This was not communicated to the District - But see Revenue orders

NOTE—Contn. Sheet

General and Revenue Secretariat | File No. | of 193 .

Serial No

35) A revised estimate for this work amounting to Rs 8000 has been prepared. We do not want that the whole of this be met from State funds as has been done in the case of the Asst Rd where similar damages were caused by flood.

36) In the case of this estimate sanction by the same Rd for Rs 5807 for constructing an arched culvert at 3½ miles of Manjanadu Pallipet road on the ground that the damage was caused by the previous high floods, the Chief Engineer was of opinion that the damage was not due to flood & was due to the action of water from year to year. The Asst Rd was informed that a girder bridge would be cheaper & an estimate for it might be prepared. Rs 7832 of 25-

The Chief Engineer has been of the opinion that that work has to be treated as an ordinary work & the entire amount has to be borne by the Asst Rd.

37) The Chief Engineer has perhaps also to be consulted in this case also. Papers herewith 30.

Returned, with compliments, to the Secretary to Government, Local and Legislative Departments

2. During the abnormal floods of August 1923, the bridge in question sustained damage. So the work has to be treated as a flood damage work of the year 1923-24. During this year the cost of making good the damage to the State Fund Roads were met out of "24. Civil Works in charge of P.W. Officers", while those under District Funds were borne by the Boards concerned. It was only during 1924-25 that special concession was extended by Government to the Mysore, Kadur and the Shimoga Districts. The source from which the State Fund share of cost was met has been reported in this office No.4708 dated the 23rd October 1925.

3. As regards the contribution for the work as requested by the President, it has to be mentioned that on account of financial stringency th grant for the year 1925-26 has been curtailed considerably and the grants as finally sanctioned are quite inadequate to meet the demands of the department. Hence no funds can be spared out of "24. Civil Works in charge of P.W.Officers". But if on the other hand Government are pleased to extend concession as desired by the President of the District Board, Government are welcome to allot funds out of the provision of Rs.5,000 provided under "30. Grants from Misc. Public Improvements - 9 Grant-in-aid to District Fund Roads under L.S.G.Scheme" or from other sources. In this connection it may be mentioned that an outlay of Rs.7,101/- has been incurred by the Executive Engineer upto end of

OFFICE OF THE DEPUTY COMMISSIONER
24856
15 APR. 1925
HASSAN

Through the Deputy Commissioner, Hassan District.

Sir,

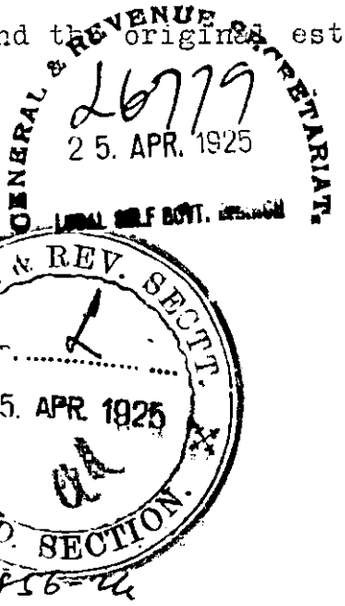
In enclosing herewith the file of correspondence ending with the Executive Engineer's memo No.1044, dated 12th Decr. 1924, forwarding a revised estimate for Rs 8,086 for constructing a masonry left abutment with wings and hoisting up of girders etc., for the iron girder bridge across Chitnahalla at 4/7 of Anemahal-Mudigere road, I have the honor to state that the Executive Engineer states in his report that the portion of the left abutment and the erection of girders etc. complete were blown off during the floods of 1923-24, that the original estimate for Rs 4830/- countersigned, by the President, District Board, had to be revised as the filling up of the foundation could not be pushed through before the flood seasons due to difficulties in bailing water and that the slip of the wing down stream side that was standing unsupported was washed away during the floods of July 1924.

The District Board at its meeting held on 7th Feby. 25, discussed the subject and resolved that as this is a flood damage work, the Government may be requested to bear the cost by granting the same as a contribution to the District Board as has been done in the case of other District Boards where similar damages were caused by floods.

Fb 32-2 20

I therefore, request that you will be so good as to kindly obtain early sanction of Government for a contribution to the District Board on account of flood damages caused to the bridge in question.

The resolution of the Board passed on the 7th February 1925, and the original estimate and the plan are also enclosed.



I have the honor to be,

Sir,

Your most obedient servant,

President,
District Board, Hassan.

Chief Engineer of Mysore,
Bangalore.

To

B. Nagappa, Esq., Bar-at-Law.,
Secretary to Government,
Local and Legislative Departments,
Bangalore.

L.B. 32-24-38

Sir

With reference to your letter No.L.843/L.B.32-24-37 dated the 6th August 1925 calling for a statement showing the outlay incurred in making good the damage to the District Fund roads maintained by the Public Works Department on account of floods of July 1924, I have the honour to note in the margin the outlay on such works upto the end of 30th June 1925 and the amount contributed by Government.

2. The contribution for making good the damage to roads in the Mysore District is ordered to be debited to distress.

The entire cost of restoring the road in the Chitaldrug District is borne by the District Board and that of roads in the Shimoga District out of the special grant of Rs 2½ lakhs sanctioned for "Roads and Buildings" under State Fund.

3. A sum of Rs 10,000 was sanctioned as contribution for the restoration of damages to the District Fund roads in the Kadur District in G.O.No.29203-08/L.B.82-24-25 dated the 30th June 1925 but this amount could not be operated upon as sanction of the grant was intimated at the tail end of the official year 1924-25. So the works could not be pushed through and brought to completion as only a sum

of Rs 10,000 was allotted and also too late in the year against the sanctioned estimate of Rs 16,567.

I have the honour to be,

Sir,

Your most obedient servant,

22-10-25

Chief Engineer of Mysore.
